Kenya & Tanzania
Birds & Big Game I
11th to 28th April 2018 (18 days)
Trip Report

Leopard by Kathy Walter

Trip report compiled by Tour Leader: Wayne Jones
Tour Summary

Few destinations can rival Kenya and Tanzania for ease of birding and the quality of wildlife experiences. Our trip encompassed the otherworldly Ngorongoro Crater, the endless Serengeti plains, the ragged Mt Kenya and snow-capped Mt Kilimanjaro, world-famous Oldupai Gorge and the arid acacia woodland of Shaba and Buffalo Springs National Reserves. Singling out highlights is no easy task, but the hundred thousands-strong wildebeest migration, dazzling Vulturine Guineafowl, a family of Endangered Sharpe’s Longclaws, Reticulated Giraffe and beautiful Hartlaub’s and Schalow’s Turacos spring to mind first. We ended off with 488 bird species, an impressive 60 mammals and over a dozen herps.

Our first night was spent at Ngare Sero, a lovely lodge set in lush gardens outside Arusha in Tanzania. Before departing for Tarangire National Park the next morning, we spent some time birding the grounds, which harboured Black Crake, African Pygmy and Giant Kingfishers, Silvery-cheeked Hornbill, White-eared Barbet, Tropical Boubou, Dark-capped Bulbul, Rüppell’s Robin-Chat, Olive Sunbird, Thick-billed and the range-restricted Taveta Weavers and Mountain Wagtail.

Heading south, we skirted Arusha and soon were driving through beautiful, open countryside flecked with bright red and blue, where Maasai herdsmen were tending their livestock. We paused at a Golden-backed Weaver colony and picked up Chestnut-bellied Sandgrouse, Southern Red Bishop and Cardinal Quelea as well. Further along, in some acacia woodland, we enjoyed some fantastic birding with Brown-backed Honeybird, Red-fronted Tinkerbird, Chinspot Batis, Yellow-breasted Apalis, Grey-backed Camaroptera, Brubru, a female Black Cuckooshrike, Yellow-bellied Eremomela, Common Whitethroat, Abyssinian White-eye, White-browed Scrub Robin, African Grey Flycatcher, Eastern Violet-backed, Beautiful, Marico and Scarlet-chested Sunbirds, Northern Grey-headed Sparrow, Grey-headed Silverbill, Long-tailed Paradise Whydah, Golden-breasted Bunting and Reichenow’s Seedeater, to name a few.

We tucked into our picnic lunches at the Tarangire NP gate, where we had to fend off sneaky, marauding Vervets. After lunch, when we weren’t being distracted by the cute and plentiful Yellow-collared Lovebirds, we also spotted Eastern Olivaceous Warbler, Spotted Palm Thrush, Mauritian Tomb Bat, and watched a Lilac-breasted Roller rolling. Once in the reserve, we stopped at Tarangire Safari Lodge to view the region’s smallest owl, African Scops Owl, on its day roost, and also found Red-chested Cuckoo, Mottled Spinetail and Pearl-spotted Owlet.
East Africa had experienced heavy rains in the days before our visit, which meant we had to take a lengthy detour to our lodge in the centre of the park. Our revised route took us through baobab-dotted savanna and acacia woodland, which held many species that would become very familiar to us over the next couple of days: Common Ostrich, Helmeted Guineafowl, Coqui and Crested Francolins, Yellow-necked and Red-necked Spurfowl, Knob-billed Duck, White-backed Vultures, Bateleur, Double-banded Courser, Black-faced Sandgrouse, Bare-faced and White-bellied Go-away-birds, Northern Red-billed, African Grey and Von der Decken’s Hornbills, Grey-headed Kingfisher, White-browed Coucal, Green Wood Hoopoe, Magpie and Northern White-crowned Shrikes, Northern Pied Babbler, Red-bellied Parrot, Mosque Swallow and the ubiquitous Red-billed and White-headed Buffalo Weavers. A Corn Crake wandering in the road was a great find, but it sadly did not hang around for long.

The next morning, we drove a long loop that took us through woodland to the reedbeds and adjacent grasslands of the massive Silale Swamp. Little patches of open water along the swamp’s margins were alive with waterbirds, such as White-faced and Fulvous Whistling Ducks, Spur-winged Goose, Hottentot and Red-billed Teals, Southern Pochard, Little Grebe, African Openbill, African Sacred and Glossy Ibises, Squacco Heron, Intermediate Egret, Reed Cormorant, African Swamphen, Lesser Moorhen, Grey Crowned Crane, Long-toed Lapwing, African Jacana, Wood Sandpiper, Whiskered Tern and Malachite Kingfisher. Species seen away from this wet habitat included Secretarybird, Black-winged Kite, Lizard Buzzard, two Gabar Goshawks hunting (one of which was a melanistic individual), a female Western Marsh and African Marsh Harriers flying alongside each other, Namaqua Dove, Levaillant’s Cuckoo, a pair of Verreaux’s Eagle-Owls, Woodland Kingfisher, Little and Blue-cheeked Bee-eaters, African Hoopoe, Abyssinian Scimitarbill, D’Arnaud’s Barbet, a whole suite of woodpeckers: Nubian, Cardinal, Eastern Grey and Bearded, Grey Kestrel, Eurasian Hobby, Long-tailed Fiscal, Red-throated Tit, Croaking and Desert Cisticolas, both Yellow-billed and Red-billed Oxpeckers, Foxy and Flappet Larks, Speckled-fronted, Rufous-tailed, Vitelline Masked and Black-necked Weavers, Chestnut Sparrow, Red-billed Quelea, White-winged Widowbird, Blue-capped Cordon-bleu and Pangani Longclaw.

On the mammal front, we found our first Lions (a pair of totally unenergetic males), and saw Impala, Hartebeest, (Common) Waterbuck, Kirk’s Dik-dik, African Buffalo and troops of cute Common Dwarf and Banded Mongooses. Tarangire is famous for its large African Elephant population, which wreaks a bit of havoc on the park’s other huge residents – the baobabs. Over our three days here, we saw

**Verreaux’s Eagle-Owl by Kathy Walter**
numerous herds and observed wonderful behaviour – youngsters mock-fighting and a group of teenagers playfully swimming and tussling.

Back at the lodge, Red-headed Weaver, Ashy Flycatcher and Black-backed Puffback were seen, in addition to the numerous Yellow-spotted Hyraxes and Ochre Bush Squirrels. That night, we had a look for the resident Freckled Nightjar, which we only glimpsed briefly as it dashed past.

The next day, during our slow drive out of the park, we were thrilled to find four Bat-eared Foxes. The overcast weather probably helped entice these normally nocturnal canids out into the open. Also seen was a pair of Secretarybirds on the nest, Long-crested Eagle, African Hawk-Eagle, Water and Spotted Thick-knees, Diederik and African Cuckoos, Striped Kingfisher, seven Southern Ground Hornbills, Pygmy Falcon, Brown-crowned Tchagra, an immature Eurasian Golden Oriole, Lesser Striped Swallow, Arrow-marked Babbler, Black Bishop, Cut-throat Finch, Crimson-rumped Waxbill, a stunning male Straw-tailed Whydah, (Maasai) Giraffe, Bohor Reedbuck, four more Lions, Rough-scaled Plated Lizard and a Tree Skink.

En route to Ngorongoro, we passed through Mto Wa Mbu (Mosquito River), where we marvelled at the huge Yellow-billed Stork and Pink-backed Pelican nesting colony that abuts the main road. We climbed the plateau, gaining superb views out over Lake Manyara, and eventually arrived at the Ngorongoro Conservation Area. Rounding the rim on our way to our lodge, the montane forest yielded sightings of Hildebrandt’s Francolin, half a dozen Oriole Finches, Thick-billed Seedeater, Schalow’s Turaco, Cinnamon Bracken Warbler, Cape Robin-Chat, Baglafecht Weaver and the high altitude dark morph of Slender Mongoose.

The following morning, we ventured down into the spectacular crater, the largest intact caldera in the world and a UNESCO World Heritage Site. It took us quite a while to actually reach the floor of the crater as we were happily detained by the excellent birding along the rim and the inner slope. Before starting the descent, we milled around the entrance boom, picking up Brown Parisoma, Abyssinian Thrush, Golden-winged and Eastern Double-collared Sunbirds, Dusky Turtle Dove, a Brown-backed Woodpecker, Bar-throated and Brown-headed Apalis, Grey-capped Warbler, Tropical Boubou, Purple Grenadier, Yellow-bellied Waxbill and Village Indigobird. On the bushy lower slopes we found Augur Buzzard, Black-crowned Tchagra, Singing and Red-faced Cisticolas, African Stonechat, Bronzy and Variable Sunbirds, Yellow Bishop, Red-collared Widowbird and Southern Citril. The crater is probably one of the best places in the world

to see Quailfinch, and we were thrilled to have sensational looks at an exquisite male bird poking about at the edge of the road as the slopes became more grassy.

As we arrived on the crater floor, we saw a cluster of beige shapes in the distance. Moving closer, we found a few lionesses with a number of teenaged cubs nibbling at the meagre remains of a carcass while Black-backed Jackals lurked nearby. To our delight, the cats arose and sauntered toward us to slake their thirst in the rain puddles on the road. They then came right up to the vehicles to rest in their shade. This habit is not encouraged, though, so we and the other vehicles soon moved on to see what else the crater had in store.

Although the crater is a microcosm of habitats found throughout East Africa, the vast majority is grassland. Aside from the thousands of large animals such as Plains Zebra, Common Warthog, Hartebeest, Common Wildebeest, Thomson’s and Grant’s Gazelles, African Buffalo, Common Eland and African Elephant, the plains also supported various birds: Common Ostrich, White Stork, Pallid Harrier, Grey Crowned Crane, Crowned Lapwing, Kori and Black-bellied Bustards, Fischer’s Sparrow-Lark, Rufous-naped and Red-capped Larks, Grey-rumped Swallow (not a common bird in the crater), Pectoral-patch Cisticola, Anteater Chat, Capped Wheatear, displaying Jackson’s Widowbirds, Western Yellow Wagtail, stunning Rosy-throated Longclaw and Plain-backed and African Pipits. We also took our canid tally to an impressive three species with another daytime sighting of Bat-eared Fox (this time six animals!) and Golden Jackal, including a mother and her two pups!

Thanks to the good rains, the large wetlands had increased further and supported Hippos, Hottentot, Cape and Red-billed Teals, Greater Flamingo, Saddle-billed Stork, Black-crowned Night Heron, Purple Heron, African Spoonbill, Red-knobbed Coot, Kittlitz’s Plover, Curlew Sandpiper, Little Stint, Marsh Sandpiper, Grey-headed Gull, Gull-billed and White-winged Terns, Malachite Kingfisher and Lesser Swamp Warbler. Lerai Forest, in the south-east corner, is a smaller, somewhat isolated habitat which yielded a few species, such as White-backed Vulture, Holub’s Golden Weaver, White-browed Robin-Chat, Yellow-crowned Canary and Streaky Seedeater.

We began our ascent out of the crater in the mid-afternoon, allowing enough time for a spot of birding around the lodge. Cinnamon-chested Bee-eater, Schalow’s Turaco, Mountain Greenbul, House and Rock Martins, Red-rumped Swallow, Waller’s Starling, Mountain Yellow Warbler, Hunter’s Cisticola, Common Whitethroat, White-eyed Slaty Flycatcher and Southern Tree Hyrax all showed nicely.
The following morning, we finally obtained views of Montane White-eye at our lodge, then rounded the rim and proceeded to a Maasai village, where some guests gained insight into the daily life and traditions of this famous tribe. From there it was a short drive to Oldupai Gorge, one of the most important palaeontological sites on the planet. We listened to a fascinating talk about the geology of the area and the historic finds that were made there before browsing the new museum with its impressive collection of fossils. The dry woodland and dusty plains surrounding the gorge yielded Eastern Chanting Goshawk, Purple Roller, Red-and-yellow Barbet, Chinspot Batis, Taita Fiscal, Rufous Chatterer, Banded Parisoma, Abyssinian White-eye, Scarlet-chested Sunbird, White-bellied Canary and the primary target: Southern Grosbeak-Canary.

We continued on to the Serengeti and began to encounter throngs of Common Wildebeest. We pulled up to a small hill and admired the incredible scene around us – thousands of Wildebeest milling about. And this was just the start of the migration herds! As we neared the entrance of Serengeti National Park the rain grew exponentially stronger. The hordes of wildebeest all standing stock-still in the grey light and facing the same direction (towards us and away from the rain) had quite an eerie effect; *kind of Tim Burton presents Pirates of the Serengeti: Curse of the Black Cows!*

Further along, the rain had abated, and we found Black-winged Lapwing, Temminck’s Courser, Greater Kestrel and Cape Crow on the plains around Naabi Hill. A small shape on a huge rounded kopje materialised into a male Leopard, which we watched until the rain returned and he moved off into cover. We also saw six Lions before arriving at our lodge, which included two adult females and a cub gorging on a fresh zebra kill.

Not far from our lodge, the notorious black cotton soil decided to toy with us and we ended up spanning the width of the main road to, well, the rest of the Serengeti! A traffic jam resulted and multiple drivers offered their skills and advice. After 45 minutes or so, we managed to extract ourselves and arrived at our lodge with just enough time to locate Yellow-winged Bat and cute Northern Lesser Galago on the grounds.

We spent the next three days traversing this boundless wilderness. Serengeti specials included Grey-breasted Spurfowl, Tanzanian Red-billed Hornbill and Grey-crested Helmshrike, which were all seen in the tsetse-infested woodland close to our lodge. Elsewhere, the mix of acacia woodland, open steppes and riverine habitats held Coqui Francolin, White Stork, Striated Heron, Goliath Heron, Secretarybird, Marabou Stork, Lappet-faced and White-headed Vultures, Tawny, Martial, African Fish and Steppe Eagles, Dark Chanting Goshawk,
daily Black-bellied Bustards, Black Crake, Spur-winged Lapwing, six Three-banded Coursers, European Roller, Striped Kingfisher, D’Arnaud’s (Usambiro) Barbet, Meyer’s Parrot, Fischer’s Lovebird, Slate-colored Boubou, African Paradise Flycatcher, Red-throated Tit, Grey Penduline (Buff-bellied) Tit, an out-of-place Great Reed Warbler, Miombo Wren-Warbler, Black-LOred Babbler, Ruppell’s and Hildebrandt’s Starlings, the lovely Silverbird, Kenya and Swahili Sparrows, Yellow-spotted Petronia, Lesser Masked Weaver and Yellow-throated, Pangani and Pink-throated Longclaws.

On our second full day in the park, we ventured along the Western Corridor, where we found the localised Karamoja Apalis. We also recorded Western Banded Snake Eagle, Eastern Plaintain-eater, White-bellied Tit, Steel-blue and Long-tailed Whydahs, Emerald-spotted Wood Dove, Levaillant’s Cuckoo, Abyssinian Scimitarbill, Pearl-spotted Owlet, Red-fronted Barbet, Black-headed Gonolek, Red-faced Crombec, Grey-capped Social Weaver, Black-necked Weaver, Black-winged Red Bishop, Green-winged Pytilia and Golden-breasted and Cinnamon-breasted Buntings. One guest even spotted a pair of Klipspringers up on a mountainside – not a common animal in the Serengeti!

Of course, in terms of mammals, the Serengeti was simply amazing. We had widespread sightings of African Elephant and saw their closest living relatives, Yellow-spotted and Rock Hyraxes, side-by-side at Seronera, the park headquarters. We followed our initial Leopard sighting with two more, both females, of which we had sensational views. Also seen were Black-backed Jackal, Plains Zebra, Common Warthog, Hippo, Hartebeest, Impala, Topi, Kirk’s Dik-dik, Bohor Reedbuck, African Buffalo and Lions, which we encountered on a daily basis. Smaller critters included Common Dwarf and Slender Mongooses, Acacia and African Grass Rats and Wahlberg’s Epauletted Fruit Bat.

On our way out of the Serengeti, we again came upon the wildebeest migration, this time minus the heavy rain, so we could really appreciate the magnificent spectacle. We enjoyed good views of White-tailed Lark, Yellow-throated Sandgrouse and over 25 Spotted Hyænas. Just a few hundred metres before the gate, we found a male Cheetah lazing right next to the road. It was absolutely magical – we had the sighting all to ourselves and we watched him for over 20 minutes. What a stunner! Further along, a roadside carcass attracted a number of White-backed, Hooded and Ruppell’s Vultures, providing wonderful photographic opportunities. After that, most of the day was spent on the road as we retraced our steps back to Ngare Sero at Arusha. The gardens were once again highly productive, and between that afternoon and the following morning, we added Green Malkoha, Tambourine Dove, Black-throated

Unusually high rainfall resulted in the closure of our usual route to Amboseli National Park, so we skirted the eastern side of Mt Kilimanjaro and entered Kenya at Loitokitok. From there it wasn’t too far to the park itself, where a number of roads were also under water. This had the effect of making the already expansive wetlands even larger, and the birdlife was plentiful. These marshy stretches held a myriad of waterfowl and heron species: Yellow-billed Stork, Great White Pelican, African Spoonbill, Grey Crowned Crane, Hamerkop, Glossy Ibis, Lesser Moorhen, Pied Avocet, Long-toed Lapwing, Common Ringed and Chestnut-banded Plovers, African Jacana, Ruff, Curlew Sandpiper, African Reed Warbler, a Temminck’s Stint, Common Greenshank, Collared Pratincole, Yellow-crowned Bishop, Gull-billed and White-winged Terns and Pied Kingfisher.

On the surrounding grassy flats, we found Common Ostrich, Kori Bustard, Spotted Thick-knee, Chestnut-bellied Sandgrouse, African Hoopoe, Fischer’s Sparrow-Lark, Foxy, Rufous-naped, Singing Bush and Short-tailed Larks, and Wattled Starling.

While not nearly as rich as the Serengeti in terms of mammals, we still saw a reasonable spread that included Yellow Baboon, African Elephant, Lion, Spotted Hyaena, Golden Jackal, Plains Zebra, Common Warthog, Hippopotamus, Common Wildebeest, Thomson’s and Grant’s Gazelles, African Buffalo and Bohor Reedbuck.

That evening, just as the sun was going down and sundowners were served up, an eagle-eyed guest spotted a Serval from the bar balcony! Everyone rushed down to the fence and watched the beautiful feline wandering around in the damp grassland just beyond. What an incredible sighting!
The next morning, we had some more good luck in the woodland beyond the exit gate, finding Lesser Kestrel, Amur Falcon and Acacia Tit. But that’s where our luck for the day dried up – unlike the weather. *Have I mentioned that the region had been experiencing higher than expected levels of rainfall?* While en route to Nairobi – in the pouring rain – we came upon a kilometres-long stationary train of trucks and learned that a bridge up ahead was flooded and impassable. We had no choice but to back-track and take a lengthy detour that eventually bypassed the Kenyan capital. We spent the entire day travelling, reached our lodge at Mt Kenya after dark and, sadly, missed our shot at Hinde’s Babbler along the way.

After the previous day’s lack of activity, we were eager to get back down to the business of birding. We began with a glorious walk through the montane forest surrounding our lodge. Species seen in and around the lodge included Eastern Bronze-naped Pigeon, beautiful Hartlaub’s Turaco, Cinnamon-chested Bee-eater, Moustached Tinkerbird, Tullberg’s Woodpecker, Red-fronted Parrot, Black-backed Puffback, African Cuckoo-Hawk, Grey Cuckooshrike, Mountain Oriole, African Paradise and White-tailed Crested Flycatchers, White-bellied Tit, Olive-breasted, Slender-billed and Placid Greenbuls, Brown Woodland Warbler, Black-throated, Chestnut-breasted and Grey Apalises, African Hill Babbler, Kikuyu White-eye, White-starred Robin, Collared and Eastern Double-collared Sunbirds, Spectacled and Brown-capped Weavers, Grey-headed Nigrita (from the breakfast table!), Yellow-bellied Waxbill, Thick-billed Seedeater and Cape Wagtail. We also spotted Red-legged Sun Squirrel and Ochre Bush Squirrel on our walk; while the waterhole in front of our rooms attracted (Defassa) Waterbuck, Bushbuck and Forest Hog (at night).

In the afternoon, we drove the roads through surrounding forest and pine plantations and turned up Yellow-billed and African Black Ducks, Reed Cormorant, Long-crested Eagle, Red-knobbed Coot, Silvery-cheeked Hornbill, Black Saw-wing, Hunter’s Cisticola, Abyssinian Thrush and Guereza (Colobus).

We left the cool, lush forests of Mt Kenya behind and dropped altitude to the dry woodland further north, passing over the equator on our way. We reached Shaba National Reserve just after lunchtime and embarked on a game drive once it cooled down a little later. The birding was good, and we found Three-banded Courser, Chestnut-bellied, Black-faced and Lichtenstein’s Sandgrouses, Great Spotted Cuckoo, Purple Roller, White-throated Bee-eater, Abyssinian Scimitarbill, Eastern Yellow-billed and Northern Red-billed Hornbills, Nubian Woodpecker, Red-bellied Parrot, Chestnut-headed Sparrow-Lark, Pale Prinia, Golden-breasted, Fischer’s and Magpie Starlings, Hunter’s Sunbird, Yellow-spotted Petronia, Black-capped Social...
Weaver, and Somali Bunting. The area is just as rewarding in terms of mammals. It’s home to the bold and beautiful *reticulata* subspecies of Giraffe, the finely patterned Grevy’s Zebra, Guenther’s Dik-dik, Desert Warthog and Gerenuk, which looks like a stretched, ropy Impala. The next morning, we were unable to access the William’s Lark site as the road was impassable thanks to the rain. It was not a total loss, however, as we added Black-bellied Sunbird, Friedmann’s Lark, Lesser Honeyguide, Vulturine Guineafowl and Brown-tailed Rock Chat, and enjoyed marvellous views of Golden-breasted Bunting.

In the afternoon, we moved across the highway to Buffalo Springs National Reserve. Over the next two days, this small park afforded us sightings of a cracking male Somali Ostrich, more stunning Vulturine Guineafowl, Purple Heron, multiple Secretarybirds, Bateleur, half a dozen Somali Coursers, White-bellied Go-away-bird, Diederik Cuckoo, Pearl-spotted Owlet, Grant’s Wood Hoopoe, White-headed Mousebird, Von Der Decken’s Hornbill, Black-throated and Red-and-yellow Barbets, Rosy-patched Bushshrike, Fan-tailed Raven, Foxy and Red-winged Larks, Dodson’s Bulbul, Northern Crombec, Rufous Chatterer, Spotted Palm Thrush, Parrot-billed Sparrow, Golden Palm Weaver, Cut-throat Finch, Slender-tailed Nightjar, Common Genet, at least 100 Beisa Oryx (!) and a mother Black-backed Jackal with her three few-day-old pups. While out on a drive through the park, our driver received word of some Cheetahs in the area. *It turned out to be a total of FIVE cats – a mother and four cubs!!* Being the heat of the day, they weren’t particularly active but it was still a thrilling sighting.

After Buffalo Springs, we turned back south to Lake Nakuru, crossing the equator again in the process. Our route took us through the highland grasslands where we spotted Red-collared, Long-tailed and Jackson’s Widowbirds. We stopped at a roost site of the MacKinder’s race of Cape Eagle-Owl, where we also found Nyanza Swift, and detoured past a small wetland that held Yellow-billed Duck, Black Crake, Common Moorhen, Brown-throated Martin and Coypu, a large introduced rodent. We arrived at Lake Nakuru National Park in the late afternoon, with some guests squeezing in a bit of birding before the sun disappeared.

On our last morning, we tucked into a delicious breakfast spread then set out into the park. The light over the lake was gorgeous, lighting up the hundreds of Greater and Lesser Flamingoes, and Great White and Pink-backed Pelicans. Waders and waterbirds were prolific, including Caspian Tern, many Grey-headed Gulls, White-breasted Cormorant, and African Darter. Driving further into the park, we encountered Brown Snake Eagle, a melanistic Gabar Goshawk, Little Sparrowhawk, African Fish Eagle, Black Cuckoo, White-fronted Bee-eater, Mosque Swallow, Arrow-marked Babbler, Rüppell’s and Greater Blue-eared Starlings,
African Thrush, Anteater Chat, White-browed Robin-Chat, Yellow Bishop and Brimstone Canary. We ticked off our third subspecies of Giraffe – *rothschildi* – and saw an incredible ELEVEN White Rhinos!

All too soon, it was time to leave and make our way to Nairobi. A short but fruitful stop at a flooded field near Kinangop yielded four African Snipes and the same number of Endangered Sharpe’s Longclaws, including a juvenile being fed by its parents. In Nairobi, we scored our final new bird of the trip – Bronze Mannikin – before driving to the airport for our departure on the extension to Rwanda that evening.

---

### Annotated List of species recorded

**Note:** Number in brackets ( ) indicate number of days on the tour the species was recorded. List powered through the report generator of our partner iGoTerra.

#### Birds (488 in total: 482 seen, 6 heard)

**Status codes:** E = Endemic, NE = Near-endemic, I = Introduced

**IUCN codes:** CR = Critically endangered, EN = Endangered, VU = Vulnerable, EW = Extinct in the Wild, NT = Near Threatened, DD = Data Deficient

##### Ostrich *Struthionidae*

- *Struthio camelus*

- *Struthio molybdophanes*

##### Ducks, Geese, and Waterfowl *Anatidae*

- **White-faced Whistling Duck** *Dendrocygna viduata*  
  (7) Observed Tarangire NP 12-14.4, observed Amboseli NP 20-22.4 and Lake Nakuru NP 28.4.

- **Fulvous Whistling Duck** *Dendrocygna bicolor*  
  (5) Tarangire NP 13.4, Tarangire NP 14.4 and observed Amboseli NP 20-22.4.

- **Spur-winged Goose** *Plectropterus gambensis gambensis*  
  (6) Tarangire NP 13.4, Ngorongoro CA--Crater 15.4, Serengeti NP 16.4 and observed Amboseli NP 20-22.4.

- **Knob-billed Duck** *Sarkidiornis melanotos*  
  (3) Observed Tarangire NP 12-14.4.

- **Egyptian Goose** *Alopochen aegyptiaca*  
  Observed 17 day(s) in total.

- **Hottentot Teal** *Spatula hottentota*  
  (4) Tarangire NP 13.4, Ngorongoro CA--Crater 15.4, Amboseli NP 20.4 and Amboseli NP 21.4.
**African Black Duck**  
*Anas sparsa leucostigma*  

**Yellow-billed Duck**  
*Anas undulata*  
(3) en route 23.4, en route 27.4 and Lake Nakuru NP 28.4.

**Cape Teal**  
*Anas capensis*  
(2) 12 Ngorongoro CA--Crater 15.4 and Lake Nakuru NP 28.4.

**Red-billed Teal**  
*Anas erythrorhyncha*  
Observed 9 day(s) in total.

**Southern Pochard**  
*Netta erythrophtalma brunnea*  
(1) Tarangire NP 13.4.

**Guineafowl**  
*Numidae*

**Helmeted Guineafowl**  
*Numida meleagris*  
Observed 13 day(s) in total.

**Vulturine Guineafowl**  
*Acryllium vulturinum*  
(2) Shaba NR 25.4 and Buffalo Springs NR 26.4.

**Pheasants, Grouse, and Allies**  
*Phasianidae*

**Coqui Francolin**  
*Peliperdix coqui*  
(5) Tarangire NP 12.4, Tarangire NP 13.4, Serengeti NP 16.4, Serengeti NP 18.4 and Serengeti NP 19.4.

**Crested Francolin**  
*Dendroperdix sephaena*  
(3) Observed Tarangire NP 12-14.4.

**Hildebrandt's Francolin**  
*Pternistis hildebrandti*  
(3) Ngorongoro CA 14.4, Ngorongoro CA--Crater 15.4 and Ngorongoro CA 16.4.

**Yellow-necked Sparfowl**  
*Pternistis leucoscepus*  
Observed 10 day(s) in total.

**Grey-breasted Sparfowl**  
*Pternistis rufopictus*  
(4) Observed Serengeti NP 16-19.4.

**Red-necked Sparfowl**  
*Pternistis afer*  
(3) Observed Tarangire NP 12-14.4.

**Harlequin Quail**  
*Coturnix delegorguei delegorguei*  
(2) Serengeti NP 18.4 and Amboseli NP 21.4.

**Grebes**  
*Podicipedidae*

**Little Grebe**  
*Tachybaptus ruficollis capensis*  
Observed 8 day(s) in total.

**Flamingos**  
*Phoenicopteridae*

**Greater Flamingo**  
*Phoenicopterus roseus*  
(3) Ngorongoro CA--Crater 15.4, Amboseli NP 22.4 and Lake Nakuru NP 28.4.

**Lesser Flamingo**  
*Phoeniconaias minor*  
(2) Amboseli NP 22.4 and Lake Nakuru NP 28.4.

**Storks**  
*Ciconiidae*

**Yellow-billed Stork**  
*Mycteria ibis*  
Observed 9 day(s) in total.

**African Openbill**  
*Anastomus lamelligerus lamelligerus*
(1) Tarangire NP 13.4.  

**White Stork**  
*Ciconia ciconia ciconia*  
(4) Ngorongoro CA--Crater 15.4, Serengeti NP 16.4, Serengeti NP 18.4 and Serengeti NP 19.4.  

**Saddle-billed Stork**  
*Ephippiorhynchus senegalensis*  
(1) 3 Ngorongoro CA--Crater 15.4.  

**Marabou Stork**  
*Leptoptilos crumenifer*  
Observed 8 day(s) in total.

---

**Ibises and Spoonbills Threskiornithidae**

**African Sacred Ibis**  
*Threskiornis aethiopicus*  

**Hadada Ibis**  
*Bostrychia hagedash*  
Observed 11 day(s) in total.  

**Glossy Ibis**  
*Plegadis falcinellus*  
(5) Tarangire NP 13.4, Ngorongoro CA--Crater 15.4 and observed Amboseli NP 20-22.4.  

**African Spoonbill**  
*Platalea alba*  

---

**Herons, Egrets, and Bitterns Ardeidae**

**Black-crowned Night Heron**  
*Nycticorax nycticorax nycticorax*  
(1) Ngorongoro CA--Crater 15.4.  

**Striated Heron**  
*Butorides striata atricapilla*  
(2) Serengeti NP 17.4 and Serengeti NP 18.4.  

**Squacco Heron**  
*Ardeola ralloides*  
(3) Tarangire NP 13.4, Amboseli NP 20.4 and Amboseli NP 21.4.  

**Western Cattle Egret**  
*Bubulcus ibis*  
Observed 9 day(s) in total.  

**Grey Heron**  
*Ardea cinerea cinerea*  
Observed 12 day(s) in total.  

**Black-headed Heron**  
*Ardea melanoleuca*  
Observed 14 day(s) in total.  

**Goliath Heron**  
*Ardea goliath*  
(2) Serengeti NP 18.4 and Amboseli NP 21.4.

**Purple Heron**  
*Ardea purpurea purpurea*  
(2) Ngorongoro CA--Crater 15.4 and Buffalo Springs NR 26.4.

**Nubian Woodpecker**  
Campethera nubica

(2) Tarangire NP 13.4 and Shaba NR 24.4.

**Tullberg's Woodpecker**  
Campethera tullbergi

(1) 2 Mount Kenya NP 23.4.

**Bearded Woodpecker**  
Chloropicus namaquus

(1) Tarangire NP 13.4.

**Cardinal Woodpecker**  
Dendropicos fuscescens
(5) Tarangire NP 13.4, Serengeti NP 17.4, Amboseli NP 20.4, Mount Kenya NP 23.4 and Shaba NR 24.4.

**Eastern Grey Woodpecker**
*Dendropicos spodocephalus rhodeogaster*
Observed 7 day(s) in total.

**Brown-backed Woodpecker**
*Dendropicos obsoletus*
(1) 1 Ngorongoro CA--Crater 15.4.

---

**Falcons and Caracaras**
*Falconidae*

**Pygmy Falcon**
*Polihierax semitorquatus castanonotus*

**Lesser Kestrel**
*Falco naumanni*
(1) en route 22.4.

**Common Kestrel**
*Falco tinnunculus*
(3) Ngorongoro CA--Crater 15.4, Serengeti NP 16.4 and Serengeti NP 19.4.

**Greater Kestrel**
*Falco rupicoloides*

**Grey Kestrel**
*Falco ardosiaceus*
(4) Tarangire NP 13.4, Tarangire NP 14.4, Ngorongoro CA--Crater 15.4 and Serengeti NP 18.4.

**Amur Falcon**
*Falco amurensis*
(1) en route 22.4.

**Eurasian Hobby**
*Falco subbuteo subbuteo*
(1) Tarangire NP 13.4.

**Lanner Falcon**
*Falco biarmicus*
(1) en route 22.4.

---

**African & New World Parrots**
*Psittacidae*

**Red-fronted Parrot**
*Poicephalus gulieml massiacus*
(3) Ngorongoro CA 16.4, Mount Kenya NP 23.4 and Mount Kenya NP 24.4.

**Meyer's Parrot**
*Poicephalus meyeri*
(2) Serengeti NP 17.4 and Serengeti NP 18.4.

**Red-bellied Parrot**
*Poicephalus rufiventris rufiventris*
Observed 8 day(s) in total.

---

**Old World Parrots**
*Psittaculidae*

**Fischer's Lovebird (NT)**
*Agapornis fischeri*
(2) Serengeti NP 17.4 and Serengeti NP 18.4.

**Yellow-collared Lovebird**
*Agapornis personatus*
(3) Observed Tarangire NP 12-14.4.

---

**Wattle-eyes and Batises**
*Platysteiridae*

**Chinspot Batis**
*Batis molitor*
(4) en route 12.4, Ngorongoro CA--Oldupai Gorge 16.4, Serengeti NP 17.4 and Mount Kenya NP 23.4.

**Pygmy Batis**
*Batis perkeo*
(2) Amboseli NP 21.4 and Amboseli NP 22.4.

**Black-throated Wattle-eye**
*Platysteira peltata*
(1) 2 Arusha--town 20.4.
Helmetshrikes and Allies Prionopidae

Grey-crested Helmetshrike (NT)  
*Prionops poliolophus*  
(1) Serengeti NP 17.4.

Bushshrikes and Allies Malaconotidae

Orange-breasted Bushshrike  
*Chlorophoneus sulfureopectus similis*  
(1) Serengeti NP 18.4.

Rosy-patched Bushshrike  
*Telophorus cruentus*  
(4) Amboseli NP 21.4, Amboseli NP 22.4, Shaba NR 25.4 and Buffalo Springs NR 26.4.

Brown-crowned Tchagra  
*Tchagra australis*  
(3) Tarangire NP 12.4, Tarangire NP 14.4 and Serengeti NP 18.4.

Black-crowned Tchagra  
*Tchagra senegalus*  
(1) Ngorongoro CA--Crater 15.4.

Black-backed Puffback  
*Dryoscopus cubla*  
(3) Tarangire NP 13.4, Serengeti NP 18.4 and Mount Kenya NP 23.4.

Northern Puffback  
*Dryoscopus gambensis*  
(1) Lake Nakuru NP 27.4.

Slate-colored Boubou  
*Laniarius funebris*  
(6) Tarangire NP 12.4, Tarangire NP 13.4, Ngorongoro CA--Oldupai Gorge 16.4, Serengeti NP 17.4, Serengeti NP 18.4 and Buffalo Springs NR 26.4.

Tropical Boubou  
*Laniarius major*  
Observed 7 day(s) in total.

Black-headed Gonolek  
*Laniarius erythrogaster*  
(1) Serengeti NP 18.4.

Brubru  
*Nilaus afer*  
(5) en route 12.4, Serengeti NP 17.4, Serengeti NP 18.4, Amboseli NP 20.4 and Buffalo Springs NR 26.4.

Cuckoo-shrikes Campephagidae

Grey Cuckooshrike  
*Coracina caesia pura*  
(1) Mount Kenya NP 23.4.

Black Cuckooshrike  
*Campephaga flava*  
(1) en route 12.4.

Shrikes Laniidae

Magpie Shrike  
*Urolestes melanoleucus aequatorialis*  
Observed 7 day(s) in total.

Northern White-crowned Shrike  
*Eurocephalus ruppelli*  
Observed 8 day(s) in total.

Red-backed Shrike  
*Lanius collurio*  
(7) Tarangire NP 12.4, Tarangire NP 14.4, Serengeti NP 16.4, Serengeti NP 17.4 and observed Amboseli NP 20-22.4.

Lesser Grey Shrike  
*Lanius minor*  
Observed 8 day(s) in total.

Grey-backed Fiscal  
*Lanius excubitoroides*  
(4) Observed Serengeti NP 17-19.4 and Lake Nakuru NP 28.4.

Long-tailed Fiscal  
*Lanius cabanisi*  
Taita Fiscal  
_Lanius dorsalis_  

Northern Fiscal  
_Lanius humeralis_  
(5) en route 12.4, Ngorongoro CA--Crater 15.4, en route 24.4, en route 27.4 and en route 28.4.

Old World Orioles _Oriolidae_  

**Eurasian Golden Oriole**  
_Oriolus oriolus_  
(1) Tarangire NP 14.4.

**Mountain Oriole**  
_Oriolus percivali_  
(2) Mount Kenya NP 23.4 and Mount Kenya NP 24.4.

**Black-headed Oriole**  
_Oriolus larvatus_  
(2) Arusha--town 19.4 and Lake Nakuru NP 27.4.

Drongos _Dicruridae_  

**Fork-tailed Drongo**  
_Dicrurus adsimilis_  
Observed 13 day(s) in total.

Monarch Flycatchers _Monarchidae_  

**African Paradise Flycatcher**  
_Terpsiphone viridis_  
(3) Serengeti NP 18.4, Serengeti NP 19.4 and Mount Kenya NP 23.4.

Crows, Jays, and Magpies _Corvidae_  

**Cape Crow**  
_Corvus capensis kordo fanensis_  

**Pied Crow**  
_Corvus albus_  
Observed 8 day(s) in total.

**Fan-tailed Raven**  
_Corvus rhipidurus rhipidurus_  
(1) 2 Buffalo Springs NR 25.4.

**White-necked Raven**  
_Corvus albicollis_  
(2) Ngorongoro CA 16.4 and en route 20.4.

Fairy Flycatchers _Stenostiridae_  

**White-tailed Crested Flycatcher**  
_Elminia albonotata_  
(1) Mount Kenya NP 23.4.

Chickadees and Tits _Paridae_  

**White-bellied Tit**  
_Melaniparus albiventris_  
(2) Serengeti NP 18.4 and Mount Kenya NP 23.4.

**Red-throated Tit**  
_Melaniparus fringillinus_  
(2) Tarangire NP 13.4 and Serengeti NP 17.4.

**Acacia Tit**  
_Melaniparus thruppi_  
(1) Amboseli NP 22.4.

**Grey Penduline Tit**  
_Anthoscopus caroli_  
(1) Serengeti NP 18.4.
Larks *Australiidae*

**Chestnut-headed Sparrow-Lark**
(2) Shaba NR 24.4 and Shaba NR 25.4.

**Fischer's Sparrow-Lark**
Observed 12 day(s) in total.

**Pink-breasted Lark**

**Foxy Lark**
(6) Tarangire NP 13.4, Tarangire NP Amboseli NP 20-22.4, Shaba NR 25.4 and Buffalo Springs NR 26.4.

**Red-winged Lark**
(1) Buffalo Springs NR 25.4.

**Rufous-naped Lark**
Observed 9 day(s) in total.

**Flappet Lark**
(2) Tarangire NP 13.4 and Serengeti NP 18.4.

**Singing Bush Lark**
(2) Amboseli NP 21.4 and Amboseli NP 22.4.

**Friedmann's Lark (DD)**
(1) Shaba NR 25.4.

**White-tailed Lark**
(1) 3 Serengeti NP 19.4.

**Red-capped Lark**

**Bulbuls *Pycnonotidae***

**Dodson's Bulbul**
(3) Observed Buffalo Springs NR 25-27.4.

**Dark-capped Bulbul**
Observed 12 day(s) in total.

**Olive-breasted Greenbul**
(2) Mount Kenya NP 23.4 and Mount Kenya NP 24.4.

**Mountain Greenbul**
(1) Ngorongoro CA--Crater 15.4.

**Slender-billed Greenbul**
(1) Mount Kenya NP 23.4.

**Placid Greenbul**
(1) Mount Kenya NP 23.4.

**Black Saw-wing**
Observed 9 day(s) in total.

**Grey-rumped Swallow**
(1) Ngorongoro CA--Crater 15.4.

**Brown-throated Martin**

Swallows *Hirundinidae*

**Black Saw-wing**
Observed 9 day(s) in total.

**Grey-rumped Swallow**
(1) Ngorongoro CA--Crater 15.4.

**Brown-throated Martin**

*Acrocephalus baeticatus*

(1) Amboseli NP 21.4.

**Mountain Yellow Warbler**  
*Iduna similis*

(2) Ngorongoro CA--Crater 15.4 and Ngorongoro CA 16.4.

**Eastern Olivaceous Warbler**  
*Iduna pallida elaeica*

(1) Tarangire NP 12.4.

---

**Grassbirds and Allies *Locustellidae***

**Highland Rush Warbler**  
*Bradypterus centralis*

(1) I heard Arusha--town 12.4.

**Cinnamon Bracken Warbler**  
*Bradypterus cinnamomeus*
(3) Ngorongoro CA 14.4, 1 heard Mount Kenya NP 23.4 and 1 heard Mount Kenya NP 24.4.

**Cisticolas and Allies Cisticolidae**

**Red-faced Cisticola**  
*Cisticola erythrops*  
(1) Ngorongoro CA--Crater 15.4.

**Singing Cisticola**  
*Cisticola cantans*  
(2) Ngorongoro CA--Crater 15.4 and Ngorongoro CA 16.4.

**Trilling Cisticola**  
*Cisticola woolsoni*  
(3) 1 heard Arusha--town 12.4, 1 heard Arusha--town 19.4 and 1 heard Arusha--town 20.4.

**Hunter's Cisticola**  
*Cisticola hunteri*  
(5) Ngorongoro CA--Crater 15.4, Ngorongoro CA 16.4, Mount Kenya NP 23.4, Mount Kenya NP 24.4 and en route 27.4.

**Rattling Cisticola**  
*Cisticola chiniana*  
(6) Observed Tarangire NP 12-14.4, Serengeti NP 17.4, Serengeti NP 18.4 and Lake Nakuru NP 28.4.

**Ashy Cisticola**  
*Cisticola cinereolus schillingsi*  
(1) Amboseli NP 21.4.

**Winding Cisticola**  
*Cisticola marginatus*  

**Croaking Cisticola**  
*Cisticola natalensis*  
(3) Tarangire NP 13.4, Serengeti NP 17.4 and Serengeti NP 18.4.

**Zitting Cisticola**  
*Cisticola juncidis*  
(3) Serengeti NP 18.4, Serengeti NP 19.4 and Lake Nakuru NP 28.4.

**Desert Cisticola**  
*Cisticola aridulus tanganyika*  
(1) Tarangire NP 13.4.

**Pectoral-patch Cisticola**  
*Cisticola brunnescens*  
(2) Ngorongoro CA--Crater 15.4 and Serengeti NP 17.4.

**Tawny-flanked Prinia**  
*Prinia subflava*  
(5) Observed Tarangire NP 12-14.4, Serengeti NP 19.4 and Lake Nakuru NP 27.4.

**Pale Prinia**  
*Prinia somalica erlangeri*  
(1) Shaba NR 24.4.

**Bar-throated Apalis**  
*Apalis thoracica*  
(1) Ngorongoro CA--Crater 15.4.

**Yellow-breasted Apalis**  
*Apalis flavida*  
(3) en route 12.4, Serengeti NP 16.4 and Serengeti NP 18.4.

Trip Report – RBL Kenya & Tanzania - Birds & Big Game I 2018

(2) en route 12.4 and Buffalo Springs NR 25.4.

Black-bellied Sunbird  
*Cinnyris nectarinioides*

(3) Shaba NR 25.4, Buffalo Springs NR 26.4 and Buffalo Springs NR 27.4.

Shining Sunbird  
*Cinnyris habessinicus turkanae*

(1) Shaba NR 25.4.

Variable Sunbird  
*Cinnyris venustus*

(3) Ngorongoro CA--Crater 15.4, Ngorongoro CA--Oldupai Gorge 16.4 and Mount Kenya NP 23.4.

---

**Old World Sparrows Passeridae**

**House Sparrow**  
*Passer domesticus*

**Kenya Sparrow**  
*Passer rufocinctus*

(4) en route 12.4, Serengeti NP 17.4, Serengeti NP 18.4 and Lake Nakuru NP 28.4.

**Northern Grey-headed Sparrow**  
*Passer griseus ugandae*

**Parrot-billed Sparrow**  
*Passer gongonensis*

(4) Amboseli NP 22.4, Shaba NR 24.4, Buffalo Springs NR 25.4 and Buffalo Springs NR 26.4.

**Swahili Sparrow**  
*Passer suahelicus*

(1) Serengeti NP 18.4.

**Chestnut Sparrow**  
*Passer eminibey*

**Yellow-spotted Petronia**  
*Gymnoris pyrgita pyrgita*

(4) Tarangire NP 13.4, Serengeti NP 18.4, Shaba NR 24.4 and Shaba NR 25.4.

---

**Weavers and Allies Ploceidae**

**Red-billed Buffalo Weaver**  
*Bubalornis niger intermedius*

Observed 8 day(s) in total.

**White-headed Buffalo Weaver**  
*Dinemellia dinemelli*

Observed 13 day(s) in total.

**White-browed Sparrow-Weaver**  
*Plocepasser mahali*

Observed 8 day(s) in total.

**Donaldson Smith's Sparrow-Weaver**  
*Plocepasser donaldsoni*

(4) Shaba NR 24.4, Shaba NR 25.4, Buffalo Springs NR 26.4 and Buffalo Springs NR 27.4.

**Rufous-tailed Weaver**  
*Histurgops ruficauda*

(5) Observed Tarangire NP 12-14.4, Ngorongoro CA--Crater 15.4 and Serengeti NP 16.4.

**Grey-capped Social Weaver**  
*Pseudonigrita arnaudi*

(4) Serengeti NP 17.4, Serengeti NP 18.4, Amboseli NP 21.4 and Amboseli NP 22.4.

**Black-capped Social Weaver**  
*Pseudonigrita cabanisi*

(3) Shaba NR 24.4, Shaba NR 25.4 and Buffalo Springs NR 26.4.

**Speckle-fronted Weaver**  
*Sporopipes frontalis emini*

(4) Tarangire NP 13.4, Serengeti NP 17.4, Serengeti NP 18.4 and Amboseli NP 20.4.

**Thick-billed Weaver**  
*Amblyospiza albilfrons*

**Baglafecht Weaver**  
*Ploceus baglafecht*

Observed 9 day(s) in total.

**Spectacled Weaver**  
*Ploceus ocularis*
Black-necked Weaver  
*Ploceus nigricollis*

Holub's Golden Weaver  
*Ploceus xanthops*

Golden Palm Weaver  
*Ploceus bojeri*

Taveta Weaver  
*Ploceus castaneiceps*

Lesser Masked Weaver  
*Ploceus intermedius*

Vitelline Masked Weaver  
*Ploceus vitellinus uluensis*

Speke's Weaver  
*Ploceus spekei*

Golden-backed Weaver  
*Ploceus jacksoni*

Chestnut Weaver  
*Ploceus rubiginosus rubiginosus*

Brown-capped Weaver  
*Ploceus insignis*

Red-headed Weaver  
*Anaplectes rubriceps*

Cardinal Quelea  
*Quelea cardinalis*

Red-billed Quelea  
*Quelea quelea aethiopica*

Yellow-crowned Bishop  
*Euplectes afer*

Fire-fronted Bishop  
*Euplectes diadematus*

Black Bishop  
*Euplectes gierowii*

Black-winged Red Bishop  
*Euplectes hordeaceus*

Southern Red Bishop  
*Euplectes orix*

Yellow Bishop  
*Euplectes capensis crassirostris*

Fan-tailed Widowbird  
*Euplectes axillaris*

White-winged Widowbird  
*Euplectes albonotatus*

Red-collared Widowbird  
*Euplectes ardens*
Long-tailed Widowbird  
_Euplectes progne delamerei_  
(2) en route 24.4 and en route 27.4.

Jackson's Widowbird (NT)  
_Euplectes jacksoni_  
(3) Ngorongoro CA--Crater 15.4, en route 24.4 and en route 27.4.

**Waxbills and Allies Estrildidae**

Grey-headed Nigrita  
_Nigrita canicapillus_  
(2) Mount Kenya NP 23.4 and Mount Kenya NP 24.4.

Green-winged Pytilia  
_Pytilia melba_  
(1) Serengeti NP 18.4.

Cut-throat Finch  
_Amadina fasciata alexanderi_  

Red-billed Firefinch  
_Lagonosticta senagala_  
(1) Lake Nakuru NP 28.4.

African Firefinch  
_Lagonosticta rubricata haematocephala_  
(2) Lake Nakuru NP 27.4 and Lake Nakuru NP 28.4.

Red-cheeked Cordon-bleu  
_Uraeginthus bengalus_  
(4) Tarangire NP 12.4, Tarangire NP 14.4, Serengeti NP 18.4 and Lake Nakuru NP 28.4.

Blue-capped Cordon-bleu  
_Uraeginthus cyanocephalus_  
(2) Tarangire NP 13.4 and Serengeti NP 17.4.

Purple Grenadier  
_Uraeginthus ianthinogaster_  
(6) Ngorongoro CA--Crater 15.4, Ngorongoro CA--Oldupai Gorge 16.4, Serengeti NP 17.4, Serengeti NP 18.4, Amboseli NP 21.4 and Lake Nakuru NP 27.4.

Yellow-bellied Waxbill  
_Coccopygia quartinia_  
(2) Ngorongoro CA--Crater 15.4 and Mount Kenya NP 23.4.

Crimson-rumped Waxbill  
_Estrilda rhodopyga centralis_  
(3) Tarangire NP 12.4, Tarangire NP 14.4 and Amboseli NP 21.4.

Common Waxbill  
_Estrilda astrild_  
(3) Ngorongoro CA 14.4, Ngorongoro CA--Crater 15.4 and Mount Kenya NP 23.4.

Black-faced Waxbill  
_Estrilda erythrornotos delamerei_  
(1) Serengeti NP 18.4.

Quailfinch  
_Ortygospiza atricollis_  
(2) Ngorongoro CA--Crater 15.4 and Buffalo Springs NR 27.4.

African Silverbill  
_Euodice cantans orientalis_  
(1) Amboseli NP 21.4.

Grey-headed Silverbill  
_Odontospiza caniceps_  
(2) en route 12.4 and 8 Serengeti NP 17.4.

Bronze Mannikin  
_Lonchura cucullata_  
(2) en route 14.4 and Nairobi--City 28.4.

**Indigobirds Viduidae**

Village Indigobird  
_Vidua chalybeata_  
(3) en route 14.4, Ngorongoro CA--Crater 15.4 and Lake Nakuru NP 27.4.

Pin-tailed Whydah  
_Vidua macroura_  
Observed 7 day(s) in total.

Steel-blue Whydah  
_Vidua hypocherina_  
(1) 3 Serengeti NP 18.4.
Straw-tailed Whydah
(2) Tarangire NP 14.4 and Amboseli NP 21.4.

Long-tailed Paradise Whydah
(2) en route 12.4 and Serengeti NP 18.4.

Wagtails and Pipits Motacillidae

Western Yellow Wagtail
(2) Ngorongoro CA--Crater 15.4 and Ngorongoro CA 16.4.

Cape Wagtail
(2) Mount Kenya NP 23.4 and Mount Kenya NP 24.4.

Mountain Wagtail

African Pied Wagtail
Observed 8 day(s) in total.

Golden Pipit
(2) 3 Amboseli NP 21.4 and Amboseli NP 22.4.

Sharpe's Longclaw (EN)
(1) 4 Kinangop 28.4.

Yellow-throated Longclaw
(2) Serengeti NP 17.4 and Lake Nakuru NP 28.4.

Pangani Longclaw
(3) Tarangire NP 13.4, Serengeti NP 17.4 and Amboseli NP 21.4.

Rosy-throated Longclaw
(5) Ngorongoro CA--Crater 15.4, observed Serengeti NP 17-19.4 and Amboseli NP 21.4.

African Pipit
(3) Ngorongoro CA--Crater 15.4, Amboseli NP 21.4 and Buffalo Springs NR 27.4.

Plain-backed Pipit
(3) Ngorongoro CA--Crater 15.4, Serengeti NP 18.4 and en route 27.4.

Finches, Euphonias Fringillidae

Oriole Finch
(1) 6 Ngorongoro CA 14.4.

Western Citril
(1) Mount Kenya NP 23.4.

Southern Citril
(2) Ngorongoro CA--Crater 15.4 and Ngorongoro CA 16.4.

Reichenow's Seedeater
(2) en route 12.4 and Serengeti NP 17.4.

White-bellied Canary
(1) Ngorongoro CA--Oldupai Gorge 16.4.

Northern Grosbeak-Canary
(1) Buffalo Springs NR 26.4.

Southern Grosbeak-Canary
(2) Ngorongoro CA--Oldupai Gorge 16.4 and Amboseli NP 20.4.

Brimstone Canary
(2) en route 27.4 and Lake Nakuru NP 28.4.

Thick-billed Seedeeater
(4) Ngorongoro CA 14.4, Ngorongoro CA--Crater 15.4, Mount Kenya NP 23.4 and Mount Kenya NP
24.4.

**Streaky Seedearer**  \( Crithagra striolata striolata \)
(3) Ngorongoro CA--Crater 15.4, Ngorongoro CA 16.4 and Mount Kenya NP 23.4.

**Yellow-crowned Canary**  \( Serinus flavivertex \)
(1) Ngorongoro CA--Crater 15.4.

**Buntings, Sparrows and Allies Emberizidae**

**Cinnamon-breasted Bunting**  \( Emberiza tahapisi tahapisi \)
(3) Ngorongoro CA--Oldupai Gorge 16.4, Serengeti NP 18.4 and Shaba NR 25.4.

**Somali Bunting**  \( Emberiza poliopleura \)
(2) Shaba NR 24.4 and Buffalo Springs NR 27.4.

**Golden-breasted Bunting**  \( Emberiza flaviventris kalaharica \)
(2) en route 12.4 and Serengeti NP 17.4.

### Mammals (60 in total: 60 seen)

**Status codes:**  
E = Endemic, NE = Near-endemic, I = Introduced

**IUCN codes:**  
CR = Critically endangered, EN = Endangered, VU = Vulnerable, EW = Extinct in the Wild, NT = Near Threatened, DD = Data Deficient

**Elephants Elephantidae**  
*Loxodonta africana*

- Observed 13 day(s) in total.

**Hyraxes Procaviidae**  
*Dendrohyrax arboreus*

- (2) Ngorongoro CA--Crater 15.4 and Ngorongoro CA 16.4.

**Yellow-spotted Hyrax**  
*Heterohyra brucei*

- (5) Observed Tarangire NP 12-14.4, Serengeti NP 17.4 and Serengeti NP 18.4.

**Rock Hyrax**  
*Procavia capensis*

- (3) Observed Serengeti NP 17-19.4.

**Northern Lesser Galago**  
*Galago senegalensis*

- (4) Observed Serengeti NP 16-18.4 and Amboseli NP 20.4.

**Old World monkeys Cercopithecidae**  
*Cercopithecus mitis*

**Vervet**  
*Chlorocebus pygerythrus*

- Observed 14 day(s) in total.

**Guereza**  
*Colobus guereza*

- (2) Serengeti NP 18.4 and Mount Kenya NP 23.4.

**Olive Baboon**  
*Papio anubis*

- Observed 12 day(s) in total.

**Yellow Baboon**  
*Papio cynocephalus*

- (3) Observed Amboseli NP 20-22.4.
**Rabbits, Hares Leporidae**

**African Savanna Hare**
*Lepus microtis*

(1) Ngorongoro CA--Oldupai Gorge 16.4.

**Nutria Myocastoridae**

**Coypu**
*Myocastor coypus*

(1) en route 27.4.

**True Mice and Rats, Gerbils, Spiny Mice, Crested Rat Muridae**

**African Grass Rat**
*Arvicanthis niloticus*

(2) Serengeti NP 18.4 and Serengeti NP 19.4.

**Acacia Rat**
*Thallomys paedulcus*

(1) Serengeti NP 18.4.

**Squirrels Sciuridae**

**Red-legged Sun Squirrel**
*Heliosciurus rufobrachium*

(1) Mount Kenya NP 23.4.

**Ochre Bush Squirrel**
*Paraxerus ochraceus*

(4) Observed Tarangire NP 12-14.4 and Mount Kenya NP 23.4.

**Unstriped Ground Squirrel**
*Xerus rutilus*

**Cats Felidae**

**Cheetah**
*Acinonyx jubatus fearsoni*

(2) Serengeti NP 19.4 and 5 Buffalo Springs NR 26.4.

**Serval**
*Leptailurus serval*

(1) Amboseli NP 21.4.

**Lion**
*Panthera leo leo*

(8) 2 Tarangire NP 13.4, 4 Tarangire NP 14.4, 15 Ngorongoro CA--Crater 15.4, up to 9 Serengeti NP 16-19.4 and 1 Amboseli NP 21.4.

**Leopard**
*Panthera pardus pardus*

(3) Observed Serengeti NP 16-18.4.

**Mongooses Herpestidae**

**Common Dwarf Mongoose**
*Helogale parvula*

(5) Observed Tarangire NP 12-14.4, Serengeti NP 17.4 and Serengeti NP 18.4.

**Slender Mongoose**
*Herpestes sanguineus*

(5) Ngorongoro CA 14.4, Ngorongoro CA--Crater 15.4, Ngorongoro CA 16.4, Serengeti NP 18.4 and Mount Kenya NP 23.4.

**White-tailed Mongoose**
*Ichneumia albicauda*

(1) Amboseli NP 20.4.

**Banded Mongoose**
*Mungos mungo*

(4) Observed Tarangire NP 12-14.4 and Serengeti NP 19.4.

**Hyaenas, Aardwolf Hyaenidae**

**Spotted Hyaena**
*Crocuta crocuta*

Common Genet
(1) Buffalo Springs NR 26.4.

Golden Jackal
(3) Ngorongoro CA--Crater 15.4, Serengeti NP 18.4 and Amboseli NP 22.4.
Black-backed Jackal
Observed 7 day(s) in total.
Bat-eared Fox
(3) 4 Tarangire NP 14.4, 6 Ngorongoro CA--Crater 15.4 and 3 Buffalo Springs NR 25.4.

Grevy's Zebra
(4) Shaba NR 24.4, Shaba NR 25.4, Buffalo Springs NR 26.4 and Buffalo Springs NR 27.4.
Plains Zebra
Observed 9 day(s) in total.

White Rhinoceros
(1) 11 Lake Nakuru NP 28.4.
Black Rhinoceros
(1) Ngorongoro CA--Crater 15.4.

Forest Hog
(1) Mount Kenya NP 23.4.
Desert Warthog
(4) Shaba NR 24.4, Shaba NR 25.4, Buffalo Springs NR 26.4 and Buffalo Springs NR 27.4.
Common Warthog
Observed 10 day(s) in total.

Hippopotamus
Observed 8 day(s) in total.

Impala
Observed 15 day(s) in total.
Hartebeest
(7) Tarangire NP 12.4, Tarangire NP 13.4, Ngorongoro CA--Crater 15.4 and observed Serengeti NP 16-19.4.
Common Wildebeest
(6) Ngorongoro CA--Crater 15.4, Serengeti NP 16.4, Serengeti NP 19.4 and observed Amboseli NP 20-22.4.
Topi
(2) Serengeti NP 17.4 and Serengeti NP 18.4.
Thomson's Gazelle
Eudorcas thomsonii

View more tours to [Kenya](#) or [Tanzania](#)
Observed 8 day(s) in total.

**Waterbuck**
*Kobus ellipsiprymnus*
Observed 11 day(s) in total.

**Gerenuk**
*Litocranius walleri*

**Guenther's Dik-dik**
*Madoqua guentheri*
(4) Shaba NR 24.4, Shaba NR 25.4, Buffalo Springs NR 26.4 and Buffalo Springs NR 27.4.

**Kirk's Dik-dik**
*Madoqua kirkii*
Observed 8 day(s) in total.

**Grant's Gazelle**
*Nanger granti*
Observed 11 day(s) in total.

**Suni**
*Neotragus moschatus*
(3) Ngorongoro CA 16.4, Mount Kenya NP 23.4 and Mount Kenya NP 24.4.

**Klipspringer**
*Oreotragus oreotragus*
(1) 2 Serengeti NP 18.4.

**Beisa Oryx**
*Oryx beisa beisa*
(3) Observed Buffalo Springs NR 25-27.4.

**Bohor Reedbuck**
*Redunca redunca*
(3) Tarangire NP 14.4, Serengeti NP 17.4 and Amboseli NP 20.4.

**African Buffalo**
*Syncerus caffer caffer*
Observed 11 day(s) in total.

**Common Eland**
*Tragelaphus oryx*
(4) Ngorongoro CA--Crater 15.4, Serengeti NP 16.4, Serengeti NP 19.4 and Lake Nakuru NP 28.4.

**Bushbuck**
*Tragelaphus scriptus*
(4) Serengeti NP 19.4 and observed Mount Kenya NP 22-24.4.

**Giraffe, Okapi**

**Giraffe**
*Giraffa camelopardalis*
Observed 12 day(s) in total.

**Sac-winged or Sheath-tailed Bats**

**Mauritian Tomb Bat**
*Taphozous mauritianus*
(2) 3 Tarangire NP 12.4 and 3 Tarangire NP 14.4.

**Heart-nosed Bat**
*Cardiderma cor*
(1) 2 Buffalo Springs NR 27.4.

**Yellow-winged Bat**
*Lavia frons*
(4) Observed Serengeti NP 16-19.4.

**False Vampire Bats**

**Wahlberg's Epauletted Fruit Bat**
*Epomophorus wahlbergi*
(1) Serengeti NP 18.4.
Reptiles (13 in total: 13 seen)

**Status codes:** E = Endemic, NE = Near-endemic, I = Introduced

**IUCN codes:** CR = Critically endangered, EN = Endangered, VU = Vulnerable, EW = Extinct in the Wild, NT = Near Threatened, DD = Data Deficient

### Tortoises *Testudinidae*

**Leopard Tortoise**
- *Stigmochelys pardalis babcocki*
- (2) 2 Serengeti NP 18.4 and Shaba NR 25.4.

### Agamas *Agamidae*

**Kenyan Rock Agama**
- *Agama lionotus*
- (2) Tarangire NP 13.4 and Buffalo Springs NR 26.4.

**Mwanza Flat-headed Agama**
- *Agama mwanzae*
- (3) Observed Serengeti NP 16-18.4.

### Chameleons *Chamaeleonidae*

**Flap-neck Chameleon**
- *Chamaeleo dilepis*
- (1) Arusha--town 11.4.

### Geckos *Gekkonidae*

**House Gecko**
- *Hemidactylus mabouia*
- (1) Amboseli NP 20.4.

**Flathead Leaf-toed Gecko**
- *Hemidactylus platycephalus*
- (2) Buffalo Springs NR 26.4 and Buffalo Springs NR 27.4.

**Cape Dwarf Gecko**
- *Lygodactylus capensis*
- (1) Serengeti NP 17.4.

### Plated Lizards *Gerrhosauridae*

**Rough-scaled Plated Lizard**
- *Gerrhosaurus major*
- (1) Tarangire NP 14.4.

**Uganda Savanna Lizard**
- *Nucras boulengeri*
- (1) Serengeti NP 18.4.

### Skinks *Scincidae*

**Tree Skink**
- *Trachylepis planifrons*
- (1) Tarangire NP 14.4.

**African Five-lined Skink**
- *Trachylepis quinquetaeniata*
- (3) Shaba NR 24.4, Shaba NR 25.4 and Buffalo Springs NR 26.4.

**African Striped Skink**
- *Trachylepis striata striata*
- (1) Amboseli NP 21.4.

### Crocodiles and relatives *Crocodylidae*

**Nile Crocodile**
- *Crocodylus niloticus*
- (3) Serengeti NP 18.4, Buffalo Springs NR 25.4 and Buffalo Springs NR 26.4.
Amphibians (1 in total: 1 seen)
