### Kruger Park Bird & Wildlife Challenge 2019 - Magoebaskloof Extension

*15<sup>th</sup> to 17<sup>th</sup> February 2019 (3 days)*

Narina Trogon by Leon Fouche

South Africa has the highest number of endemic and near-endemic bird species of any country on the African continent. South Africa also includes a wonderfully diverse range of habitats, with a number of these special birds found almost exclusively in the Afromontane forests that hug the eastern escarpment.

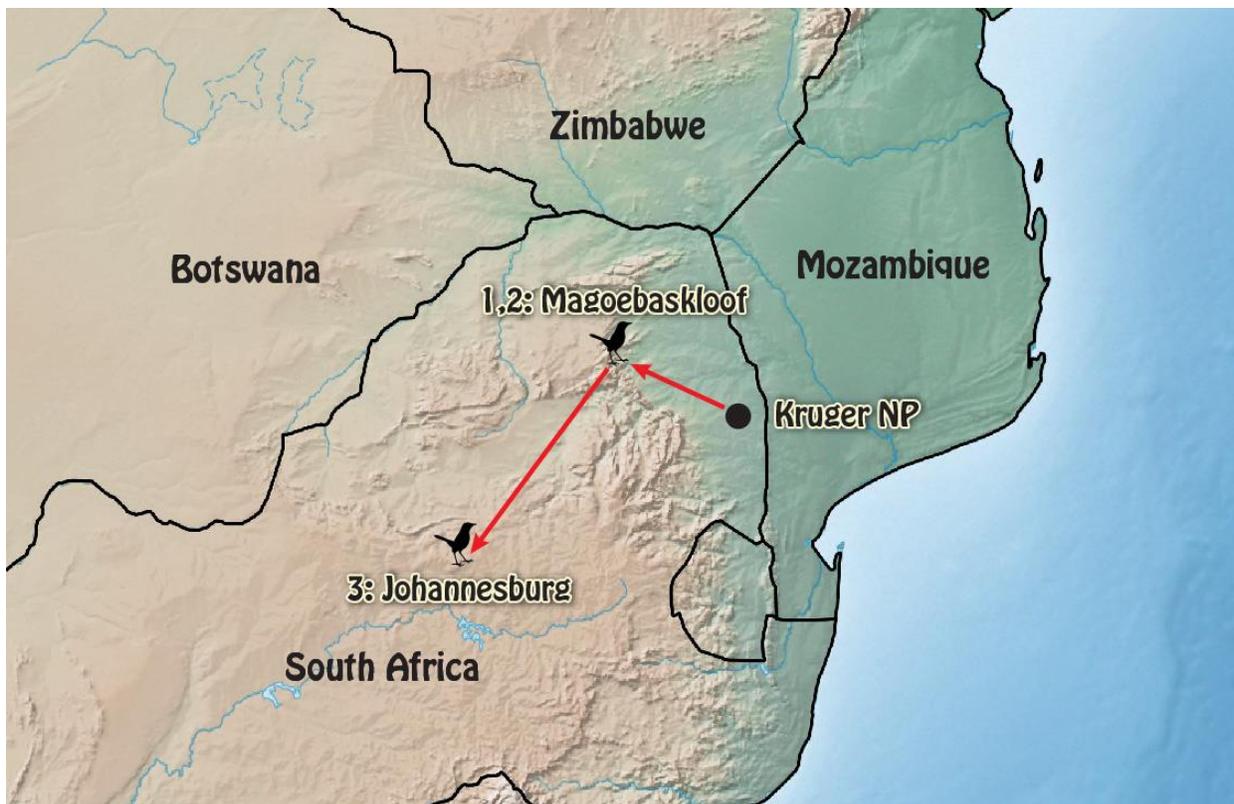

The focus of this 3-day birding tour is to see as many as possible of South Africa's endemic and near-endemic Afromontane forest species (listed in bold in the itinerary below) in the areas visited. We will also seek out a number of other special and sought-after African species; in the course of this short tour, we have the potential to rack up an impressive bird list in terms of rarities and great sightings. We invite you to join us on this exciting celebration of our endemic and special forest birds!

<b>Day 3</b>	<b>Magoebaskloof to Johannesburg and depart</b>

**TOUR ROUTE MAP...**

**THE TOUR IN DETAIL...**

**Day 1: Mopani Camp, Kruger to Magoebaskloof.** Following the final evening of the Kruger Park Bird & Wildlife Challenge, we will spend the morning birding around Mopani Camp before bidding farewell to the splendours of Kruger. We will then drive from Mopani Camp to Kurisa Moya Nature Lodge, Magoebaskloof, on the Northern Drakensberg Escarpment, where we will spend two nights.

This area enjoys high annual rainfall, resulting in lush Afromontane mistbelt forest and rolling montane grassland habitats. Most of the grasslands have unfortunately been lost to commercial plantations, but pristine patches of this habitat do however still occur in the area. The mistbelt forests around Magoebaskloof are amongst the most extensive in South Africa, providing arguably the finest Afromontane forest birding in the country. Kurisa Moya, which

boasts excellent on-site birding, straddles the Woodbush forest and the bushveld habitats on this Northern Drakensberg escarpment. The area is host to more than 250 bird species in five different habitats.

After our arrival at Kurisa Moya, afternoon birding in the indigenous forests in the area should produce Lemon Dove, **Chorister Robin-Chat**, Grey Cuckoo-Shrike, **Southern Boubou Shrike**, Sombre Greenbul and **Cape White-eye**, as well as a host of small seedeaters - Green Twinspot, **Swee Waxbill**, Red-backed Mannikin, African Firefinch and **Forest Canary**.

**Day 2: Magoebaskloof.** Woodbush Forest – the main focus of our birding today - hosts iconic species such as the endangered **Cape Parrot**, the splendid yet rare Black-fronted Bush-shrike, stunning Narina Trogon, diminutive Green Twinspot, Blue-mantled Crested Flycatcher, **Knysna Turaco**, White-starred Robin, **Orange Ground Thrush**, Scaly-throated Honeyguide, skulking **Barratt’s Warbler**, Yellow-streaked Greenbul, Olive Woodpecker, **Chorister Robin-Chat**, Buff-spotted Flufftail, Rufous-chested Sparrowhawk and African Crowned Eagle. These forests can be very lively with bird activity and the key is to locate mixed feeding flocks. Other specials of the area

**Barratt’s Warbler by Hugh Chittenden**

include the seldom-sighted Bat Hawk, **Forest Buzzard**, the exquisite little **Swee Waxbill**, Grey Cuckooshrike and **Forest Canary**.

We will also visit the nearby town of Tzaneen and surrounds, where the town’s famous Bat Hawk pair, as well as Broad-billed Roller, Yellow-fronted Tinkerbird, White-browed Robin-Chat, Kurrichane Thrush, Thick-billed and Holub’s Golden Weavers and Magpie Mannikin (together with smaller Bronze Mannikin, for convenient comparison) are all possibilities.

**Day 3: Magoebaskloof to Johannesburg and depart.** This morning we leave the diversity of the Magoebaskloof forests behind us and head for the metropolis of Johannesburg, where the tour ends at O.R. Tambo International Airport.

**Tipping:**

As noted above, gratuities (drivers, hotel staff, restaurants etc.) are included on this tour. However, this does not include your Rockjumper leader. If, therefore, you feel that he has given you excellent service, it is entirely appropriate to tip him.

**Special Notes:**

- The focus of this tour is to see as many of the endemics and area specials as possible in our given time.
- Much of our time is spent in vehicles, as we have to cover long distances to get to the best areas for birds and animals. The more luggage you pack the less room there is in the vehicle, so it is important for the comfort of your fellow travellers that you do not over-pack. Kindly stick to 20kg for check in luggage and 8kg for hand luggage.
- For much of this tour you will be some distance from medical facilities. It is essential that you let the Rockjumper office know in advance of the tour if you have any physical limitations or medical conditions.
- Crime is problematic in certain areas of South Africa. Exercise caution as you would for any big city where crime exists. Do not unnecessarily flaunt cash and valuables and do not leave valuables exposed in the vehicle.

**ARRIVAL AND DEPARTURE DETAILS:**

This tour **does not** include **any** airfares. The tour will officially commence with our departure from Mopani Camp, Kruger National Park after breakfast on day 1 of the tour. The tour will conclude by **mid to late afternoon on day 3** at O.R. Tambo International Airport, Johannesburg.

The above information in respect of arrivals and departures is a guide only. Precise arrival and departure information will be sent to you in your **Tour Confirmation** package once the tour has been officially confirmed. If you wish to arrive early and/or depart late and would like assistance in this regard, kindly contact the Rockjumper office

**FLIGHTS:**

O.R. Tambo International Airport, Johannesburg (IATA: JNB) is the main port of entry for international flights into and out of South Africa and is well serviced by all of the world's major airlines. **Please DO NOT book any flights until you have consulted the Rockjumper office for confirmation on the status of the tour.**
