# Choosing Your Tour: A Guide to Rockjumper Tours

Our 2019 tour listing is here, and it has undergone a bit of a makeover. Our new and helpful guide is now arranged by tour type and by continent. If you cannot find a certain South African tour, for example, chances are it has been placed in a different tour type category on the list. We hope that by separating our offerings into tour types, it is easier to find the tour that meets your requirements.

And don't forget about our "Tailor-made Tours". A third of the tours we operate are actually custom designed trips for groups, families, and friends. Building the perfect trip to meet your specific needs is what we do best. For more info on our custom trips, email us at: [tailormade@rockjumperbirding.com](mailto:tailormade@rockjumperbirding.com)

Birding Intensity

Mobility & Fitness

## Classic Birding Tours

These quintessential birding tours put you in the field for most of the day, exploring quality birding sites and enjoying other regional highlights like wildlife and culture.

Moderate - suitable for intermediate to advanced birders.

Moderate - requires average to good fitness and mobility.

## Birds & More Tours

Enjoy birds while also focussing on other regional highlights such as mammals, wildflowers, wine, culture, cuisine and music.

Easy to moderate - for all who enjoy birds, nature, and the other focus elements of the tour.

Easy to moderate - suitable for most mobility and fitness levels

## Mega Tours

Designed to maximize the birding opportunities of the destination. With a special focus on endemic and rare birds, these tours are faster paced than our other offerings.

Intense - for dedicated listers and advanced birders.

Intense - good fitness, stamina, and mobility required.

## Highlights Tours

For those with limited time to travel. More time is spent at fewer key sites to provide most, but not all, of the endemics or special birds of the region. Other major attractions are also included.

Moderate - suitable for all birders.

Moderate - requires average to good fitness and mobility.

## Small Group Tours

Much the same as our Classic Birding Tours, but with a smaller group to ensure a more personalized experience.

Moderate - suitable for intermediate to advanced birders.

Moderate - requires average to good fitness and mobility.

## Budget Tours

Similar to our Classic Birding Tours, but at a reduced price. These tours are led by Rockjumper-certified local leaders, and the tour price typically does not include meal costs.

Moderate - suitable for intermediate to advanced birders.

Moderate - requires average to good fitness and mobility.

## Photographic Tours

Focus on your bird photography with these specially designed tours. Time will be dedicated to getting you the ultimate shots.

Low - the focus is on quality photo opportunities, not a high list total.

Moderate - suitable for most mobility and fitness levels.

## Cruises

Spend time aboard small to medium sized expedition ships while we explore rich oceans and remote islands for their bird and wildlife highlights.

Mostly easy - suitable for most birding and wildlife interest levels.

Variable - some cruises are easily paced, while others are more intense and require good mobility.
